- The Tractor Chariot fits all compact and commercial Category 1 and 2 Tractors
- The Tractor Chariot is easily attached and removed from your tractor with two simple levers
- Dimensions: L "60" x H "48" x D "27" Weight 275 lbs.
Quick Hitch Tool Rack (w/o Quick Hitch): 25 lbs.

- Innovative Real-World Design and Build to Last
- Sturdy steel construction with a rigid 3 Point mounting frame
- Bolt on Accessories to suit your specific needs

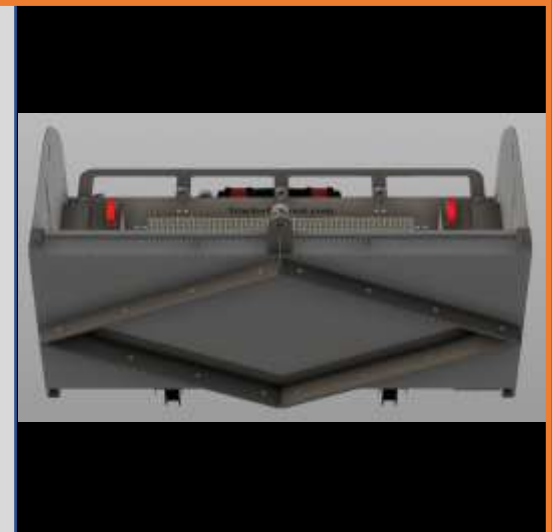

- Long Lasting Rust Free
- Durable Hammer-Tone Powder Coated Finish
- Powder Coated in Gray, Kubota Orange and John Deere Green

- The Tractor Chariot diamond shaped Drag easily landscapes dirt, sand, gravel and plows snow
- A strong diamond shaped landscaping blade, with replaceable wear bars, grades in both forward and backwards directions
- Side Panels are easily attached with 2 pins, to keep gravel and dirt from exiting either one or both sides of the Chariot

- Caster Wheels are easily removed with 4 pins, enabling you to roll the Chariot around for easy storage
- The Safety Railing is easily removed with 6 pins and folds flat for storage

- Floor Mat adds comfort and safety
- Non-Slip Rubber Floor Mat covers the entire base of the Chariot, and can be removed for cleaning

- A sturdy Grab Handle makes it easy to maintain your balance when riding in the Chariot
- Steel Eye Hooks enable you to attach up to 3 Body Harnesses

- Tractor Chariot features a Safety Railing that is easily removed with 6 pins and folds flat for storage
- The Safety Railing Door opens into the Chariot and will not accidentally open
- Safety Caution message is Laser Cut into Chariot body
"Only Ride in Chariot with Safety Railing or Safety Harness"

- Steel Eye Hooks enable you to attach up to 3 Body Harnesses
- These Hooks can also be used to secure equipment with Gear Ties or Tie Down Straps

- 4 Tool Tubes are used to carry shovels, rakes, tree trimmers, pruning shears and other long handle tools
- Hooks and Hitch Rings mounted on the Tool Tubes to hang tow cables, hoses, electrical cables, and other items

- The Tap Mount Rail on the Tool Rack and has many accessories for hanging tools and storage containers

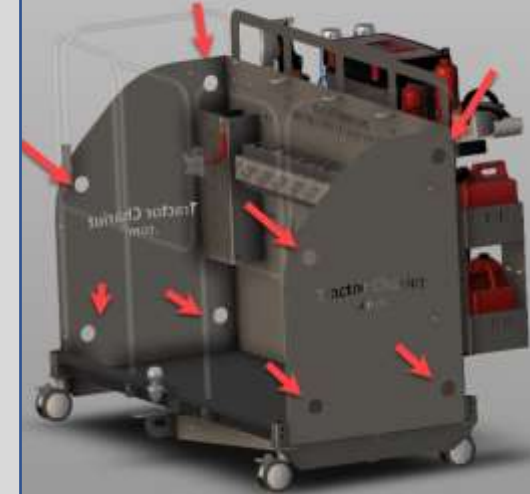

- Hooks and Hitch Rings mounted on the Tool Tubes carry tow straps, tow cables, electrical cables, and other items

Gear Ties Tie Straps

- Gear Tie holes are used to secure equipment and long handle tools
- Tie Strap Holes are used for securing equipment, and lifting the Tractor Chariot

Tow Cable

- A tow cable or tow strap is attached to the Tractor Tongue through an opening in the Chariot to Securely pull logs, vehicles and other heavy objects

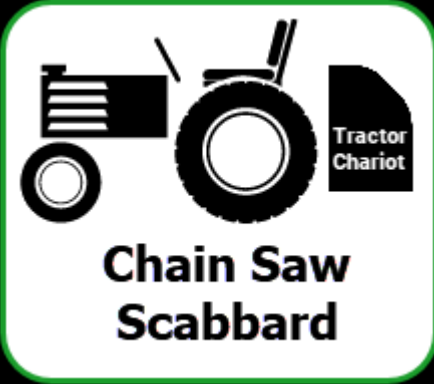

- A Universal "Ball, Pin or Hook" hitch, is used for pulling carts, trailers, sprayers, spreaders and landscaping drags

- A Sliding Door enables you to easily remove dirt and debris from the Chariot
- The opening enables water to drain out of the Chariot
- 2 Sliding Doors can be used to completely close the opening, to prevent dirt, gravel and snow from entering the Chariot

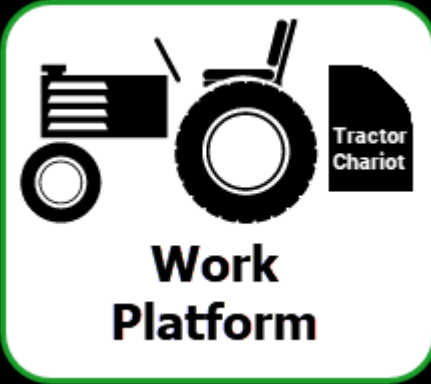

- A Scabbard mounted on the Chariot holds up to a 30" Chainsaw
- The Scabbard makes it easy to remove and insert the Chainsaw
- The HDPE plastic Scabbard will not dull the Chainsaw teeth

- A container mounted on the Chariot carries a one gallon Gas can and Chainsaw Bar Oil for easy access

- Quick Attach brackets transform the Chariot into a Work Platform for Skid-steers and Tractors with Quick Attach Loaders
- The Safety Railing and Body Harness ensure safe operation of the Work Platform

- More Tractor Chariot modules and accessories are being developed to add to the Chariots flexibility and increase your productivity

The Tool Rack bolts on any Quick Hitch and stays with your Tractor at all times

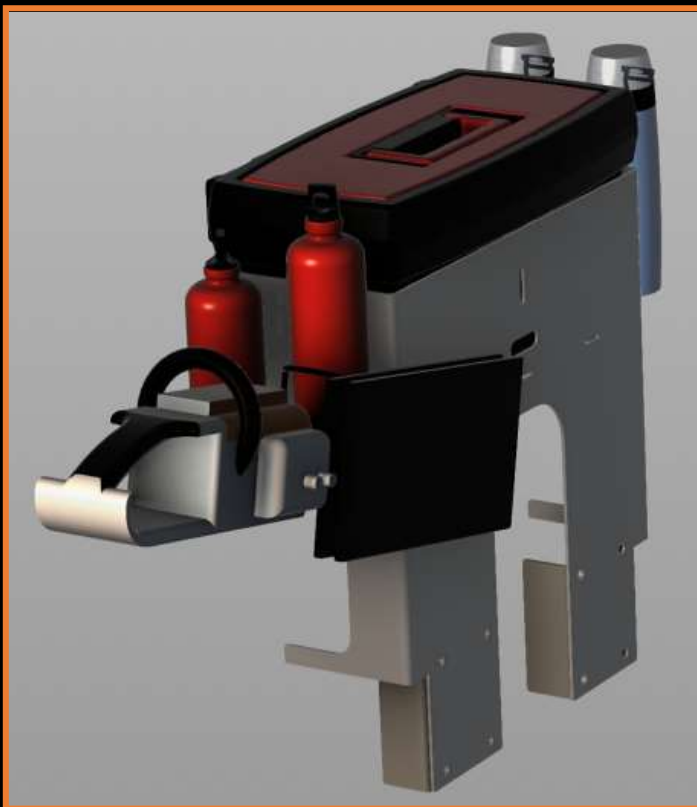

The Tool Rack
with a Chainsaw scabbard
for carrying a 16" Chainsaw

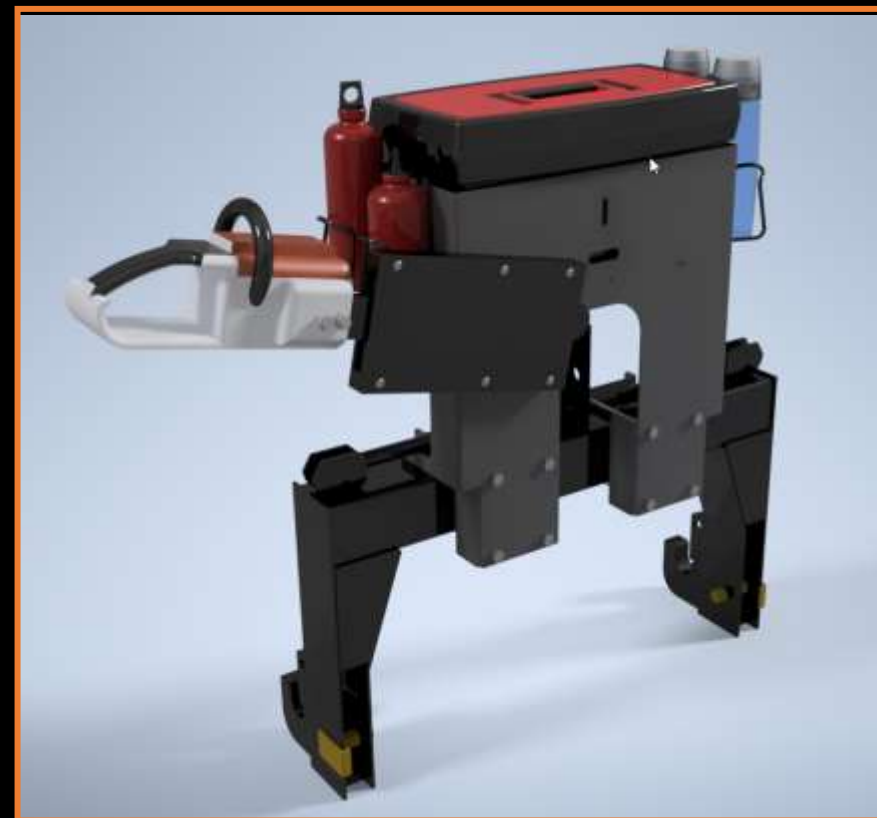

The Tool Rack
with a removable Toolbox,
2 water bottles and
2 Fuel & Bar Oil bottles

Quick Hitch Tool Rack

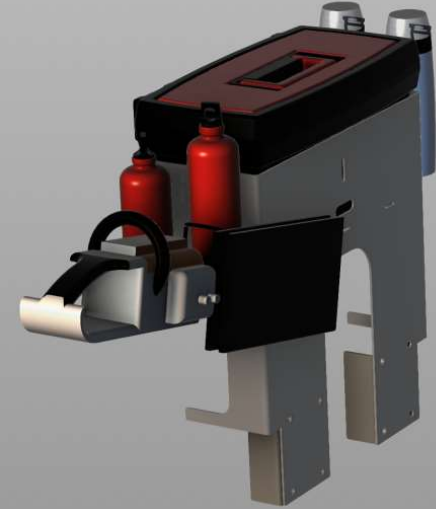

Tool Rack mounted on the Quick Hitch

- The Quick Attach Tool Holder bolts on any Quick Attach and carries a Chain Saw, a Large Toolbox and has Bottles Holders for Water, Gas and Bar Oil

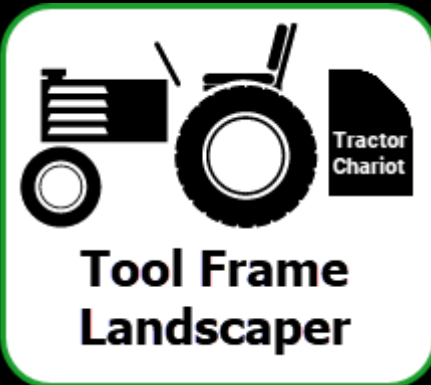

- The Quick Attach and the Tool Holder is attached to the Tractor 3 Point Hitch and stays with the tractor at all times
- Other Tractor Implements are easily attached to the Tractor Quick Hitch with 2 simple levers

The Tractor Chariot Tool Frame is being developed for future release

The Tool Frame is a multi-purpose attachment, that easily mounts to the Tractor Chariot
A variety of Time Saving Tools and Utilities are easily mounted on the Tool Frame

- The Landscaper easily mounts on the Tool Frame and grades dirt, sand and gravel from rough to smooth, while driving forward or backward

Tool Frame Bank Mower

- The Bank Mower mounts the Tool Frame to safely mow pond banks and ditches
- The Bank Mower is mounting on a sliding extension rail that can be extended out on either side of the Tractor

**There's more
Coming**

Tool Frame Lift Platform

- The Lift Platform easily attaches to the Tool Frame and for carrying objects and equipment from one location to another
- The Lift Platform lowers to the ground for easy loading and is raised with the Tractor Chariot

**There's more
Coming**

Tool Frame Spreader/Seeder

- The Seeder/Spreader easily attaches to the Tool Frame.
- The Seeder/Spreader preps the ground, spreads the seeds/fertilizer and packs the dirt, all in one pass
- The Seeder/Spreader is ideal for seeding/fertilizing lawns and planting food plots
