

Tractor Chariot vs Big Tool Box

The Big Tool Box is a one trick pony. All it does is carry small tools.

The Big Tool Box and the Tractor Chariot both carry tools, but other than that they are completely different products.

The Big Tool Box is a wire frame basket that is very fragile and the Tractor Chariot has Professional Grade Strength

The Tractor Chariot not only carries more tools and larger equipment, it carries People to the worksite

The Tractor Chariot is a Multi Purpose Tractor Implement and performs many labor and time saving Tasks.
